Summer Photo/Video/Website Release Form

024 Academy Dr., Corrales, NM 87048
(505) 897-4805

(Please type or print all information in blue or black ink)

Sandia View Christian Preschool (SVCP) makes an effort to promote the positive activities, honors and work of our students in our internal celebrations as well as in our community marketing efforts. We do this using a variety of media formats and publications, including but not limited to brochures, postcards, displays, website and slide shows. An essential component of each of these formats and publications is images of our students. Images have tremendous power to engage online users and readers. Publicizing a student's work will encourage our students to strive for excellence in his or her schoolwork as well as provide a glimpse of the educational experience at SVCP. During the course of the school year, there will be times when pictures or videos of your child may be taken that support their education, promote community service or encourage positive behavior. These photos and/or videos include but are not limited to field trips, sporting events, special programs and events, along with normal classroom routines.

I understand that any picture or video of a student posted to the website whether individual, group or team will not include personal information. Some of the pictures or videos may be action or candid shots taken during participation in an event while other pictures or videos may be staged for specific purposes. Group shots such as class or team pictures posted to the website may be identified by team or class name, but no individual names will be included. In some cases, the initials of a student might be included in such media so that members of the SVCS and SVCP family might celebrate the accomplishments of the student's work. I have been informed that with my permission below, an image of and the work of my child may be used in the various media publications of Sandia View Christian School and Preschool. I understand the conditions under which images and students' work may be used.

Yes - I hereby consent to authorize SVCP permission to use my child's photo, video or class work/art for the purposes mentioned above. I understand and agree that SVCP may use these photos, videos and class work/art in subsequent school years unless I revoke this authorization in writing to SVCP.

No - I withhold permission for SVCP to use my child's photo, video or class work/art for any SVCP media as mentioned above.

Preschool Essential Oils

024 Academy Dr., Corrales, NM 87048

(Please type or print all information in blue or black ink)

As you know, school can be hard and stressful for many of our young students. This year one of my goals is to help reduce stress and anxiety in my class in an effort to make learning more fun and effective. One way to do this is by using essential oils in a diffuser in the classroom.

Essential oils have been reported to positively affect mood and memory. Many also have antibacterial properties as well. Below I have listed the oils I would like to use along with their properties. These oils are certified pure therapeutic grade (CPTG) from a company called doTERRA and Young Living. They have no synthetic chemicals or pesticides and are taken from organically grown plants. Please review this list and let me know if you have any questions or concerns regarding the use of these oils in our room. I would also need to know if your student has any allergies to any of the plants from which these oils are taken.

Single Oils

- Lavender: This oil may help with anxiety, mental clarity, & nervous tension.
- Thieves: This helps with deep cleaning child-prone areas without harsh chemicals (tables, sinks, chairs).
- Lemon: This oil may help cleanse and purify the air of airborne odors.

Oil Blends

- On-Guard: This oil blend contains wild orange, clove bud, cinnamon bark, eucalyptus radiate, and rosemary. It helps protect the body against the onset of flu, colds, and viruses.

All oil information was taken from Modern Essentials: A Contemporary Guide to the Therapeutic Use of Essential Oils published by Abundant Health, 2011.
